ACF Components & Fasteners RoHS/WEEE Statement

To our valued customers:

ACF Components & Fasteners performs no testing of products and relies solely on the manufacturer of the product for identification of RoHS Compliance. ACF makes no warranty, certification, or declaration of compliance. All statements by ACF of RoHS compliance are based on Manufacturer documentation. Any relevant evidence will be filed with the Quality Manager and maintained for at least 4 years from the date of receipt. Products will not be advertised or offered as RoHS Complaint until sufficient evidence is received from the manufacturer, and any in stock or on order inventory has been determined to be such.

RoHS info: [2002/95/EC](#) of January 27, 2003, on the restriction of the use of certain hazardous substances in electrical and electronic equipment. (RoHS)
